

JUNIOR

Fall Clinic

Join our Clinic+ Program to see measurable improvement!

YOUR GUARANTEED PLAN TO SHOOT LOWER SCORES & IMPROVE SKILLS!

+ WE WILL PLAY TOGETHER

This program includes a structured week long clinic program + on course playing session leveraging a 9 hole Challenge. We will get our baseline 9 hole score and assemble our practice to help you improve.

+ WE WILL PRACTICE

Learning to practice the right way is hard. We not only show you how to structure it, but everyone will walk away with personal education on how to improve.

+ YOU WILL MEET OTHERS

Meet other golfers of all skill levels working to improve their game. Group training will enhance your practice and make learning the game a fun experience.

+ WE WILL TRACK PROGRESS

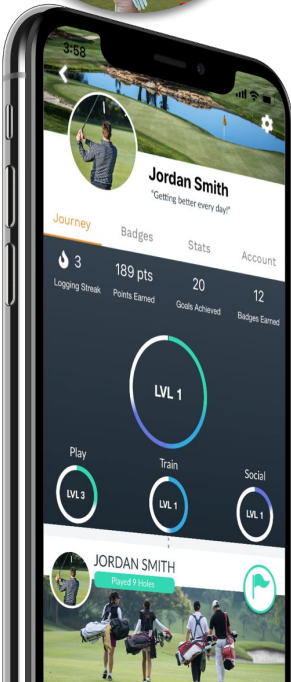

We record scores to help you track progress and see improvement. This tool will be available to all participants to help guide you.

WHAT IS IT?

Are you new to golf, a junior tour player or trying to make your High School team one day, welcome to our Fall Clinic + program. The Clinic+ Program is perfect for anyone who is trying to learn the game. Our team will work with you to assess your skills and make a clear plan to help you improve.

HOW DOES IT WORK?

This program includes 9 hole Challenges + Weekly Practice Sessions. First we will go on the course to see what you shoot for 9 holes using scaled yardages. Then you will attend a weekly group practice session to help you improve your skills! We will track progress throughout the semester. You will walk away knowing how to practice and which area of your game to focus on to get better.

ACCELERATE YOUR SKILLS IN 2020

ENROLL YOUR FAMILY TODAY!

Are you a beginner? Advanced golfer? Your improvement starts here! Our coaches are here to help you find the areas you need to focus on and we will measure improvement over time.

We split our Clinic + Program into 2 parts. Participants will attend a group clinic session once a week for a month and have the option to participate in a group on-course session as well.

"I had so much fun learning at class and then got to play on the course!"
